

# M60 Series

## MONGOOSE

AS/NZS STANDARDS CERTIFIED

M60AU - M60AM  
M60B - M60S  
M60i

*"that's a name you can trust"*

The Mongoose M60 Series is a range of vehicle security systems designed to offer high security with its dual automatic engine immobilisers, easy to use friendly features yet at an affordable price.

All are certified to the Australian and New Zealand Standards AS/NZS4601 1999 inc' amendment 1 2003. Alarm versions are additionally certified to AS/NZS3749.1 2003.

(Check product packaging for latest Star rating and/or certification)

The M60B/S & M60AU/AM are the full alarm versions to provide protection against theft from your vehicle.

The level of protection offered by these models differs by the type of siren or interior sensor and these are detailed overleaf in the feature comparison table. Discuss with your Mongoose dealer which is best for you and your vehicle.

All models offer the convenience of keyless entry\* of a vehicle's existing central locking, can interface with an turbo timer (timer not supplied) and include a range of programmable features to customise the system for your vehicle or for your own preferences.
