

"that's a name you can trust"

The Mongoose MX40MKII is a remote controlled automatic dual circuit engine immobiliser certified to AS/NZS4601 1999 inc' amendment 1 2003.

The MX40 is more than just an immobiliser, it offers convenience such as keyless entry if the vehicle is fitted with central locking*. The MX40 is designed to make your vehicle secure and more enjoyable to use.

By adding the optional siren, the MX40 can also provide basic alarm functions for detecting ignition 'hot wiring' as well as the opening of the bonnet, boot or doors. The MX40 can also provide glass protection if the optional shock sensor or glass break sensor is fitted.
